PRACTISE AND LEARN!			

Group 1	In Australia, 17.5 million steel cans are recycled each week. This is enough to build 900 cars.
Group 2	Three cubic metres of landfill space is saved for every tonne of newspaper that is recycled.
Group 3	If you recycle one plastic bottle, you will save enough energy to power a computer for 25 minutes.

- ✓ Practise writing out your dictation correctly.
- ✓ Write 5 sentences using your spelling words.
- ✓ Complete Mathletics
- ✓ Read to someone each night (20minutes)

Spelling focus: letter combination 'tion'
